

Service Locator Tool

Treatment Connection®

What it is

DHHS is launching an online statewide directory for behavioral health services built on Bamboo Health's OpenBeds®/TreatmentConnection® platform.

What it does

An online tool for providers and the public to connect to behavioral health services:

- ✓ search for real time availability
- ✓ search by zip code, distance, substance, and treatment type
- ✓ educational resources
- ✓ connect individuals with the care they need

How to onboard

To learn more about how the platform can assist, contact
